## About us

We are proud to introduce GRC Masters W.L.L. as a well established architectural decoration company with a large, top notch clientele base in the state of Qatar. Within the Five years of Operation, we are well ahead of our competitors because of the latest technology equipment been used and a dynamic team of well trained and efficient professionals.

In addition to common Glass Reinforced Concrete (GRC), Glass Reinforced Plastic (GRP) technology products and services, we undertake highly specialized and great artistic creations like captivating landscape features, monuments, sculptures, artificial rock features, etc.

It is with great pleasure to introduce our **GRC Masters Marble & Granite Division**.

And in our case beauty and perfection go hand in hand with quality and safety. Our supervisory-level staff always adheres strictly to the norms and disciplines in the construction field and ensure that all our assignments are accomplished with the same standard and excellence particular to "GRC Masters". Thus we look forward to working with you on all your small scale as well as major architectural decoration needs within a reliable and reasonable timeframe with a touch of beauty and perfection as always.

## Applications

There are many uses for granite and marble within both functional and aesthetic design attributes.

Granite is a tough material with a visual impact including, worktops, flooring, vanity units, tables, kitchen surfaces, and flooring tiles.

We can provide advice and delivery of cut, shaped and polished Granites and Marble bathrooms, hotels, floors, company premises, internal and external wall cladding. We have many years' experience supporting architects in turn adding significant value to the specification process right through to installation. Our team can advise and consult with you to find the best Granite materials for your project.

At our factory we have a wide range of beautiful slab stone, both natural and engineered, from around the world. **GRC Masters Marble & Granite Division** specialize in both granite marble and engineered stone. Our team of craftsmen in natural and manmade stone produces stunning bench tops and vanities. We can engineer your choice of edge profile to best suit your stone selection and design.

Let GRC Masters Marble & Granite be your source for all your residential, commercial, hospitality and multi-family project.
